THE NEW MEDICATION SUPPLY DISPENSING SYSTEM AND THE EASIEST WAY TO HANDLE YOUR MEDICINES LOGISTICS

FLEXIBLE

MINI body may fit several combination of drawers, Monodose Cassettes, trays, baskets and accessories, giving you infinite possible combinations.

Combinations may be modified by the end user at any time.

Trolleys can be easily refurbished. Individual components are available and easy to replace.

(ISO trays and Baskets. Drawer made in ABS H200mm. Laptop drawers lockable.)

SECURE

MINI is self-extinguishing according to class UL V0.

All carts are Latex free.

Handles of the trolley are moulded into the body.

CLEAN

Body can be washed and disinfected as it is made of Baydur Polyurethane, a material which enables us to manufacture trolleys that are not only lightweight and sturdy but also able to withstand the action of aggressive detergents, diluted acids, alkali and solvents.

Trolley's top have a 4-sided moulded containing rim to avoid any spilling/falling of materials.

LIGHT AND EFFICIENT SOLUTION
TO YOUR MONODOSE CASSETTE,
DRAWERS AND TRAYS LOGISTICS

CAPACIOUS

It can be fitted with up to 6 Monodose Cassettes (up to 90 patient bins) at one time, reducing the number of trips required; dispensing the medicines from pharmacy to many wards.

QUICK

A single action lock will allow access to all patient bins in any Monodose Cassette.

SAFE

Every patient bin will be securely locked into the Monodose Cassette.

The locking system will secure drawers and Monodose Cassettes into the trolley body and, at the same time, all patient bins into the Monodose Cassettes.

HANDLY

Double sided trolley.
Both sides are accessible at the same time.

ACCESSORIES:

- Monodose Cassettes
- ISO Trays and Baskets
- Drawer (made in ABS H200 mm)
- Laptop drawer lockable
- Dispensers
- Holder frame with basins
- Glove box holder
- Stainless steel holding bar
- Disinfectant dispenser
- Needle bucket holder

dimensions: mm 590x992,5x880H

AURION 800

THE MOST CAPACIOUS SOLUTION TO
HANDLE YOUR MEDICINES LOGISTICS

CAPACIOUS

It can be fitted with up to 12 Monodose Cassettes (up to 180 patient bins) at one time, reducing the number of trips required; dispensing the medicines from pharmacy to many wards.

QUICK

A single action lock will allow access to all patient bins in any Monodose Cassette.

Double sided trolley.

Both sides are accessible at the same time.

ACCESSORIES:

- Monodose Cassettes
- ISO Trays and Baskets
- Drawer (made in ABS H200 mm)
- Laptop drawer lockable

dimensions: mm 590x992,5x1550H

MONODOSE CASSETTES

USE: the Monodose Cassettes (MC) acts as a normal drawer, it is easy to remove from the basic body.

HANDLE: each MC includes a handle to make transfer from storage to trolleys easiest.

PATIENT BINS: they are provided with the MC. They have a clear plastic sliding top to make sure tha medicines are not falling out of the bin.

INDIVIDUAL MC LOCK: if the MC is into the trolley body, the trolley central locking guarantees the security. Once the MC is free standing, locking of the individual bins is provided by a SEAL.

STACKING: the MCs are stackable to reduce space requirements in your storage/pharmacy.

CONFIGURATIONS AVAILABLE:

6, 9, 10 or 15 bins

Each bin includes a label, 3 dividers and a clear plastic sliding top.

dimensions: mm 450x330x200H

*not compatible with MINI 600
